Ordered, by The House of Commons, to be Printed,
16 May 1876.

MEMORANDUM.

THE information called for by the Order of the House of Commons, of the 6th August 1874, so far as regards Ireland, has been obtained from the various local Authorities.

There are in Ireland no Vestries, such as in England, no District Boards, no Parochial Boards, no Sewers Commissioners, as in England, and no Highway Boards.

The Return for the Counties has been obtained from the Treasurer or Secretary to the Grand Jury of each County.

The Returns for the Borough, Sanitary, and Harbour Authorities, have been obtained by the Local Government Board in Ireland from the responsible officers of each of those Bodies.

The Returns relative to Drainage and Navigation Authorities have been obtained from the Commissioners of Public Works.

In the Return of Loans made by the County Authorities, it has been considered desirable to include the sums charged on the Counties for the building of Lunatic Asylums, for though such sums are not, strictly speaking, loans—not having been voluntarily borrowed—they form, nevertheless, an important item in local indebtedness.

The following Table shows the total indebtedness of the Local Authorities of Ireland in 1874-75, or thereabouts :—
